

Tax Practitioner Guidelines for Computer-Prepared Returns

Introduction

The Franchise Tax Board (FTB) has established these guidelines for tax practitioners who use personal computers (or service bureaus) to computer-prepare the following personal income tax returns filed on paper:

- Form 540, California Resident Income Tax Return;
- Form 540A, California Resident Income Tax Return;
- Form 540-ES, Estimated Tax for Individuals;
- Form 540 2EZ, California Resident Income Tax Return;
- Form 540NR, California Nonresident or Part-Year Resident Income Tax Return (Long Form);
- Form 540NR, California Nonresident or Part-Year Resident Income Tax Return (Short Form);
- Form 540X, Amended Individual Income Tax Return;
- Form 541-ES, Estimated Tax for Fiduciaries;
- Form FTB 3519, Payment Voucher for Automatic Extension for Individuals;
- Form FTB 3563, Payment Voucher for Automatic Extension for Fiduciaries; and
- Form FTB 3582, Payment Voucher for Electronically Transmitted Returns.

This publication also provides information on:

- Filing Business Entity Returns, including paperless Schedules K-1 (565 and 568). See page 5.
- e-file Program. See page 5.

If you manually prepare your clients' returns, you must use the official form as printed and distributed by the FTB or an FTB-approved substitute version.

By following these guidelines, you will help reduce delays in processing and get your clients' refunds to them faster.

As a tax practitioner, you do not need approval by the FTB to computer-prepare your clients' returns. However, make sure that the tax software or service bureau you use produces FTB-approved forms. Ask your software provider for a copy of its FTB-approval letter for the form(s) in which you are interested.

Note: If you purchase software that allows you the ability to create tax forms that your clients will file with FTB, they may need FTB approval first. Get FTB Pub. 1098, Guidelines for the Development and Use of Substitute, Scannable, and Reproduced Tax Forms, and form FTB 1096, Agreement to Comply with Pub. 1098, for more information.

To ensure that you receive software updates and other information necessary to produce FTB-approved forms, register with your software provider, as necessary, upon receiving the product.

General Information About Scannable Form 540 and Form 540A

(A graphic of these forms is shown on page 7.)

The FTB will use its automated processing systems to scan "lift" information from these tax returns, rather than having the information entered manually by key data operators.

The computer-prepared Forms 540 and 540A you print **must** have the scannable graphic patch located in the center top margin of Side 1. The patch identifies Side 1 of a taxpayer's return as it enters the automated system.

Forms 540 and 540A **must** have a scannable band area that **must** contain the taxpayer's tax data. On Form 540, the "scanband" directly follows the "Step 1 Name and Address" area. On Form 540A, the scanband is at the bottom of Side 1. The two-digit field numbers in the scanband area correspond to the line numbers in the conventional areas of Forms 540 and 540A. Even though the tax data will print in the scanband and the conventional area of the form, only the tax data in the scanband will be "lifted." Monetary amounts in the scanband **must** be whole dollars only without decimal points or other

punctuation. The rest of the scannable form is exactly like the official form.

Exceptions: Line 12a will print as line 12 and line 13g will print as line 13 in the scanband on scannable Form 540A.

Note: FTB will capture tax practitioner's ID number (i.e., federal employer identification number (FEIN) or tax preparer ID number (PTIN)) on electronically filed returns, imaged, and manually processed returns.

What is Needed to Computer-Prepare California Tax Forms

Tax practitioners may produce returns using:

- Software that produces FTB-approved forms;
- Personal computer hardware required by the software to produce FTB-approved forms (i.e., font cartridges, etc);
- Good quality, white, standard, stock machine paper (8 1/2 x 11 at minimum 20 lb weight);
- Black ink;
- Software user manuals that include instructions for correctly producing FTB-approved forms; and
- FTB-approved overlay, if needed. See the explanation of the correct use of overlays on page 3.

Please read your software provider's user manual (and ALL "Read Me's," etc.) to make sure you have the necessary hardware and printer fonts to correctly produce FTB-approved forms. **Note:** "READ ME's" are a great resource tool to learn about enhancements or revisions made to the software you use.

All printing must be:

- Laser, ink jet, or "letter quality" dot matrix;
- Courier 12 point, standard OCR-A font, or standard print font (no bold font);
- Alpha characters must be in upper case;
- Original printed output (no corrections or photocopies accepted); and
- On one side of the paper only.

Guidelines on How to Enter Taxpayer Entity Information on Computer-Prepared Personal Income Tax Forms

Taxpayer entity information is arranged in fixed positions with defined field lengths. Each field is dedicated to hold specific information such as:

- Spouse name;
- Executor/guardian name;
- Apartment and apartment number (or letter);
- Private mailbox (for the "PMB" to print) and PMB number (or letter); and
- Deceased date of taxpayer or taxpayer's spouse, if any.

It is critical that you enter the taxpayer entity information correctly. This will help the FTB to accurately process your clients' returns, and help ensure that your clients' refund checks are printed with the correct name(s) and addresses. Your clients' entity information should print like the examples shown under "Taxpayer Entity Information Examples" on page 2.

Note: FTB encourages the use of the PMB no. field; however, the FTB realizes that not all of your clients will choose to use this field.

Two Asterisks (**) in the Entity

Two asterisks (**) in the taxpayer entity area indicate to the FTB that certain taxpayer information is **UNCHANGED** from last year. Print two asterisks **ONLY** if the taxpayer (and taxpayer's spouse, if any):

- Filed a California Form 540, 540A, 540 2EZ, or 540NR tax return last year;

- Did **not** change the address from the one shown on last year's tax return;
- Has the same social security number (SSN) as last year;
- Has the same name (first, middle, and last) as last year;
- Has the same filing status as last year; and
- Is not deceased.

Otherwise, **do not** print the asterisks.

Taxpayer Name and Address Entry Instructions

Use these instructions when you enter your client's name and address information. It will help reduce FTB processing time and help ensure that refunds are mailed to the correct name(s) and address.

- Alpha characters must be in upper case.
- Use no punctuation or symbols. **Note:** If a fraction is part of the street address, enter a forward facing slash (/). This symbol is the **only** one you may use in the taxpayer address area.
- Do not use commas or periods to separate information.
- **Never** space or use punctuation in the taxpayer's name control field. (The name control is the first four letters of the taxpayer's last name. The name control follows the taxpayer's SSN.)

Note: Form 541-ES and form FTB 3563: Name control is the first four letters of the estate or trust's proper name and follows the estate's or trust's FEIN.

Example: McPeak Enter: MCPE
O'Toole Enter: OTOO
De Martino Enter: DEMA
Lee Enter: LEE
Lee-Smith Enter: LEES

- Do not include titles or ranks such as: DR, MD, ENSIGN, SGT, etc.
- Use Roman numerals (alpha characters) for numeric suffixes.
- Never space within the name field(s) except for JR, SR, II, etc.

Example of first name: Jo Anne Enter as: JOANNE
Example of last name: Von Wodtke Enter as: VONWODTKE
Example of last name: Lee-Smith Enter as: LEESMITH

- The SSN must be 11 digits (includes "-"). Enter "000-00-0000" in the SSN field if an individual has applied for or does not have an SSN.

Note: Form 541-ES and form FTB 3563: The FEIN must be 10 digits (includes "-").

- Use the standard abbreviations listed to the right for the suffix of the street name.
- **Do not** enter the abbreviation for apartment (APT) or the apartment number or letter in the street address field. Enter these items in the designated "apartment" and "apartment number" fields that directly follow the street address field. **Note:** Also use the "apartment" field for these abbreviations: STE, RM, FL, SP, BLDG, and UN. **Never** use the pound sign (#) to precede the number or letter.

See *Taxpayer Entity Information Example*: IMA REFUND or JACOB H HARLEY and CHRISTINE S BLAKE.

- Enter private mailbox information in the designated "PMB" and "PMB number or letter" fields. These fields directly follow the "apartment number" field.

See *Taxpayer Entity Information Example*: GRACE ALEXANDER.

- The additional address field is for supplemental address information. Use it to enter **only** "In care of" name(s) or "additional address information."

- Military "APO" or "FPO" addresses:

- Enter "APO" or "FPO" in the first three positions of the city field;
- **Do not** enter the name of the city for "APO" and "FPO" addresses;
- Enter the two-digit state code in the state field:

City Field	State Code	ZIP Code Range
APO	AA	34000-34099
APO	AE	09000-09999
FPO	AP	96200-96699 and 98700

See *Taxpayer Entity Information Example*: JAMIE L MISSION.

- In the state field, use the standard two-digit abbreviation for the state or United States possessions shown below.
- If the address is a foreign address, enter the country name beginning in the state field.
- The ZIP Code may be 10 digits (including "-").
- If after applying these guidelines the information exceeds the field length, truncate the information from the right.

Taxpayer Entity Information Examples:

Note: If there is no spouse name, leave that line blank. If there is no additional address or executor/guardian name, leave that line blank.

Miscellaneous Information

Tax Preparer ID Number (PTIN)

Tax preparers have the option of using their PTIN instead of their social security number when signing tax returns for their clients.

Direct Deposit of Refund (DDR)

DDR is available to your clients who file their personal income tax return electronically or on paper and to your business entity clients who file Forms 100, 100W, 100S, and 109. When your clients select this option, be sure to complete **ALL three** fields in the "Direct Deposit of Refund" area found on Side 2 of all personal income tax returns. (Side 1 on the above mentioned business entity returns)

Pay Your Taxes by Credit Card

Your clients may use their Discover/NOVUS, MasterCard, or American Express card to pay their personal income taxes, including estimated tax. For more information about fees, etc., call (800) 272-9829, or visit the website: www.officialpaymentscorp.com

What are Keying Symbols?

Keying symbols are important. And although FTB will process most personal income tax returns through its automated systems, there are times when certain returns require manual intervention by FTB's Key Data Operators.

Keying symbols are shown on all computer-prepared tax returns, including the conventional parts of scannable forms. They will print to the left of specified tax data line numbers. They reduce time and guide key data operators to enter the correct tax return information. Exact placement, shape, and size of keying symbols that will be present on the 2001 personal income tax returns is shown below in the snapshot of a 2001 Form 540.

Note: Before you give your clients' their returns to file, please verify that these symbols are present. If they are not present, please read your users manual and make sure you have the minimum hardware and printer fonts necessary to print FTB-approved forms. If you cannot determine why the keying symbols do not print correctly, contact your software provider's technical support staff.

Dot Matrix Text Mode Forms

For filing purposes, the FTB does not accept ANY dot matrix text mode California tax forms and schedules because they do not contain the keying symbols and other required graphics necessary for processing.

You should see a "DO NOT FILE THIS FORM" message on the form(s). If the software you use does not provide the use of an overlay (or other FTB-approved substitute form), you must transfer all information from the dot matrix text mode form to an official form. Go to FTB's Website at: www.ftb.ca.gov for the official form you need.

Fiscal Year Filers

If any of your clients file their personal income tax return on a fiscal year basis, the tax software you use must accommodate their needs. Not all tax software products support the filing of fiscal year personal income tax returns. As a result, you may need to complete the tax returns for your fiscal year clients manually.

Always remember to enter the fiscal year date as the filing date for your fiscal year clients. Otherwise, FTB will process the tax return as a calendar year return. When this happens, the return most likely will appear to be delinquent in some way. As a result, your fiscal year clients could receive a delinquent or late payment of tax penalty or an underpayment of estimated tax penalty and may be assessed interest.

Contact your software provider and confirm the tax software you use supports fiscal year filing for personal income tax filers.

Prior Year and Amended Returns

Do not use 2001 software to file a prior year tax return.

Amend personal income tax Forms 540, 540A, 540EZ, 540 2EZ, and Long or Short Form 540NR by completing Form 540X, Amended Individual Income Tax Return. **Note:** When amending Long or Short Form 540NR, you **must** also attach a revised Long or Short Form 540NR to Form 540X.

Amend corporate income tax Forms 100, 100S, and 100W by completing Form 100X, Amended Corporation Franchise or Income Tax Return.

Form FTB 3595, Special Handling Required

If your clients' Form 540, 540A, 540 2EZ, Long or Short Form 540NR, or 541 includes any of the special circumstances shown below, check the appropriate item(s) and staple form FTB 3595 to Side 1 in the upper left-hand corner.

- Underpayment of Estimated Tax by Farmers and Fishermen (FTB 5805F);
- Underpayment of Estimated Tax by Individuals and Fiduciaries (FTB 5805);
- Deceased taxpayer or spouse;
- Taxpayer out of country on original due date of tax return;
- Military Out of Country — Service in a Combat Zone;
- Disaster; and
- Form 540X filed in response to notice of proposed assessment.

Note: Attach special handling forms FTB 5805, Underpayment of Estimated Tax by Individuals and Fiduciaries, or FTB 5805F, Underpayment of Estimated Tax by Farmers and Fishermen, to the front of Side 1 in the upper left-hand corner.

Correct Use of Overlays

If you use an overlay, the following tips will help to reduce processing delays.

- Make sure the glass on the photocopier you use is free from any obstructions (e.g., smudges, smears, and dust).
- Make sure the overlay you use is also free from any obstructions.
- Use the grid marks (small box(es) or other distinguishing symbol) to ensure correct placement of your clients' entity information and scanband data. **Note:** The location of the grid marks may differ on each software provider's product.
- Upon completion, make sure that your clients' tax returns are clear and straight on the paper. If not, make another copy.

Payment Forms (Vouchers)

There are several types of scannable payment forms (vouchers). They are:

- Form 540-ES, Estimated Tax for Individuals, is used by taxpayers to figure and pay their estimated tax.
- Form 541-ES, Estimated Tax for Fiduciaries, is used to figure and pay estimated tax for an estate or trust.
- Form FTB 3519, Payment Voucher for Automatic Extension for Individuals, is used **only** if taxpayers cannot file their 2001 tax return by April 15, 2002, and tax is due.
- Form FTB 3563 (541), Payment Voucher for Automatic Extension for Fiduciaries, is used **only** if an estate or trust cannot file Form 541, California Fiduciary Income Tax Return, by the original due date, and tax is due.
- Form FTB 3582 (e-file), Payment Voucher for Electronically Transmitted Returns, is used **only** when a tax return has been filed electronically, and there is a balance due.

Do not use any of the forms shown above to make installment payments for your clients that owe tax. Only FTB can set up a payment arrangement plan for your clients. Get form FTB 3567, Installment Agreement Request, for information on how to request a payment arrangement plan for your clients.

Remind your clients to NOT mail any voucher, shown above to FTB if the payment amount is zero (0).

FTB Taxpayer Signature and Authentication Policy

The FTB's policy is to ensure proper authentication of the information provided to us by taxpayers. The level of authentication needed on specific documents depends on several factors, including how the FTB uses the information. To help you determine whether or not the FTB will accept photocopies or facsimiles of a taxpayer's signature(s), the FTB has categorized the level of signature authentication required into three groups. The category and its number (c1, c2, or c3) will print after the form number in the bottom margin on each tax form. The three categories are:

- Category 1 (c1) Original authentication required; facsimiles acceptable only if original is subsequently provided.
- Category 2 (c2) Copy of signature is sufficient proof that original was signed; photocopy or facsimile is acceptable.
- Category 3 (c3) No authentication required.

Additional Credits

Field numbers 28 and 29 in the scanband on Form 540 are where your clients' additional credit amounts, if any, print. The additional credit amount **must** be preceded by the appropriate three-digit numeric code.

Additional Credit Example

Dependent Parent Credit (code 173) of \$20 in field number 28. The scanband on Form 540 will look like this:

28 17320

For more information, refer to "Additional Credit Line 28 and Line 29" on page 8.

Claiming Additional Credits on Personal and Business Entity Tax Returns (Forms 100, 100S, 100W, 540, and Long Form 540NR)

When your clients claim additional credits, the credit acronym, code number, and amount should print on the applicable lines of Forms 100, 100S, 100W, 540, and Long Form 540NR.

When a client claims credits on Schedule P (100, 100W, 540, or 540NR) and the credits are listed in more than one section, the tax software you use should total column (b) of the credits that have the same code numbers and bring the total forward to the applicable line of the tax return being filed.

If your client has any other credits to claim on Schedule P (100, 100W, 540, or 540NR), the tax software you use should add the amounts from column (b) for those credits and bring the total forward to the applicable line of the tax return being filed.

FTB's e-file Program

Approximately 10,000 tax professionals have been approved by FTB and the IRS to provide e-filing services to the 3 million California taxpayers expected to e-file during the 2002 filing season. Major e-file benefits include:

- Direct Deposit of Refund – Your client can have a refund deposited directly into their bank account in 5 to 7 banking days after the return is filed.
- Electronic Debit – Your client can request withdrawal of an amount due on the date they select.
- Acknowledgement – You will receive acknowledgement to confirm that the IRS and the FTB received your clients' returns.

FTB's e-file program has seen double-digit growth over the last several years due to efforts intended to increase the supply of e-file services and the demand for those services. On the supply side, FTB produces over 70 joint IRS/FTB workshops and seminars throughout California for tax professionals interested in becoming approved electronic return originators (EROs). On the demand side, FTB markets the benefits of e-filing directly to taxpayers with messages in tax booklets, on the radio, on the Internet, via press releases, etc.

To join FTB's e-file Program

Step 1 – Submit an application, Form 8633, to the IRS. Get the application on their Website at www.irs.treas.gov/elec_svs

Step 2 – Once the IRS approves your application, submit an application, form FTB 8633, to the FTB. Get the application on our Website at: www.ftb.ca.gov/electserv

Step 3 – You must pass FTB's suitability check:

- All business entities must be valid and licensed.
- All personal and/or business tax returns must be filed on time.
- All tax liabilities must be paid and/or current.

To find out more about the e-file Program:

- Visit our Website at: www.ftb.ca.gov/electserv
- E-Mail your inquiries to: e-file@ftb.ca.gov
- Call the e-file Help Desk: (916) 845-0353, Monday – Friday, 8 a.m. – 5 p.m.

Filing Business Entity Returns

To ensure accurate and timely processing of your clients' business entity returns that require Schedules K-1 (100S, 541, 565, or 568), use software that produces FTB-approved schedules. Make sure that substitute forms you use meet FTB's requirements. Specifically, Schedules K-1 (565 and 568) filed with incomplete information may cause the FTB to contact the partnership or limited liability company (LLC) for more information or to return the Schedules K-1 to the partnership or LLC. Either circumstance may subject the partnership or LLC to penalties. Reminder, do not file:

- K-1 data on microfiche;
- Federal K-1 schedules (SCH. 1065);
- Database printout information; or
- Abbreviated schedules.

California Encourages Tax Preparers to File Paperless Schedules K-1 (565 and 568)

For the highest rate of accuracy and rapid processing of your clients' partnership and LLC returns (Form 565, Partnership Return of Income and Form 568, Limited Liability Company Return of Income), file the Schedules K-1 (565 and 568) on magnetic media (CD, diskette, or cartridge). Mail Forms 565 and 568 to FTB using the appropriate addresses.

If you want to produce Schedules K-1 (565 and 568) on magnetic media, use software that produces FTB-approved paperless (magnetic media) formatting or contact a professional who can format them for you. For more information, go to our Website and get FTB Pub. 1062, Guide for Filing Paperless Schedules K-1 (565 or 568) and K-1 (565 and 568), TestWare.

Compliance with Partnership and LLC Filing Requirements for Paperless Schedules K-1 (565 and 568)

Before you submit your clients' paperless Schedules K-1 (565 or 568), make sure you have completed the procedures shown below. Doing so will further ensure error-free files and timely processing.

Reminder: Do not mail or attach federal or California paper Schedules K-1 (565 or 568) to Forms 565 or 568 when you file your clients' schedules via magnetic media.

- Schedules K-1 (565 and 568) have been formatted and put on magnetic media for **each** person identified on Forms 565 and 568, Question J. All fields on the Schedules K-1 (565 or 568) are formatted and completed as described in FTB Pub. 1062.
- The paperless Schedules K-1 (565 or 568) that you format on a CD or diskette, reconcile to Forms 565 and 568, Schedule K (565 or 568) and have been pre-tested with the K-1 (565 and 568) TestWare. (**Note:** If you format Schedules K-1 (565 or 568) to a cartridge, you must submit a test file to FTB first to ensure process compatibility.)
- Provide your clients with the information contained on their Schedules K-1 (565 or 568) before April 15, or the applicable filing date. **Note:** The information you provide your clients does not have to print on a Schedule K-1 (565 or 568); it may be in a test format.

You can download and send multiple partnership and LLC Schedules K-1 (565 or 568) to the FTB on the same CD or diskette. It is not necessary to provide a separate CD or diskette for each

individual partnership or LLC. Use form FTB 3604, Transmittal or Paperless K-1 (565 or 568) Information on Magnetic Media, to provide the name, FEIN, and number of Schedules K-1 (565 or 568) that are included for each partnership or LLC on the CD or diskette.

K-1 (565 and 568) TestWare

The FTB provides K-1 (565 and 568) TestWare is a tool to help you accurately prepare paperless Schedules K-1 (565 or 568). The program validates the K-1 (565 or 568) files and enables you to submit your clients' Schedules K-1 (565 or 568) error-free via CD or diskette. The TestWare can also expand your files from a delimited format into the format required to process the K-1 information through FTB's mainframe. **Reminder:** You can download a copy of the K-1 (565 and 568) TestWare from our Website or you can call the e-file Help Desk at (916) 845-0353.

Substitute Schedules K-1 (565 or 568) Filing Requirements

If you choose to develop your clients' Schedules K-1 (565 or 568) (magnetic Media or Paper Format), you must follow the same substitute forms review and approval requirements used by tax software developers, transfer agents, and others.

You must complete and return to FTB form FTB 1096, Agreement to Comply with FTB Pub. 1098. FTB Pub. 1098, Guidelines for the Development and Use of Substitute, Scannable, and Reproduced Tax Forms, includes the information you need to develop FTB-approved forms. To get a copy of form FTB 1096, call (916) 845-3553 or (916) 845-3194. FTB Pub. 1098 is also available on our Website at www.ftb.ca.gov/forms/misc/index.html

Note: The paper format of Schedules K-1 (565 or 568) may be either a one-sided or two-sided format. The one-sided format will include only those tax data lines applicable to the partner or member. The two-sided format includes all tax data lines. Software companies choose the format to include in their tax products and both formats require approval from FTB.
